1. Requirements																																				\rightarrow	\dashv	$\overline{}$	-
1.1 Define Project Plan																																							
1.2 Client Consultation																																							
1.3 Data Collection																																							
1.4 Functional Requirements																																							
1.5 Non-functional																																							
Requirements																																							
2. Design																																							
2.1 Creating Use Case																																							
Diagram																																							
2.2 Develop Prototype																																							
2.2 Develop System																																							
Architecture																																							
2.3 Create Database Schema																																							
3. Development																																							
3.1 Front-end Development																																							
3.2 Back-end Development																																							
4. Testing																																							
4.1 User Interface Testing																																							
4.2 Functionality Testing																																							
4.3 Performance Testing																																							
4.4 Usability Testing																																							
4.5 Security Testing																																							
4.6 Hosting and Deployment																																							
5. Deployment																																							
5.1 User Training																																							
5.2 Monitoring																																							
6. Review																																							
6.1 Continuous checking of																																							
system																																							
6.2 Updating the system																																							
based on user's feedback	1												-																										
6.3 Fixing system bugs and																																							
errors	1											1	-					-																					
6.4 Monitoring of Developed																																							
system
